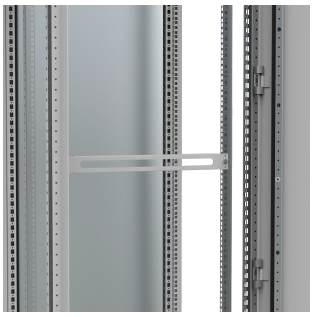
We connect and protect

Patch Panels, PAP



This front panel has the same finish as the enclosure and provides the end user with openings for cabling so that equipment in the front can be connected with the rear.

FEATURES

Description: For cable entry, with edge protection or for connectors RJ45. A 20 mm band on one side is left unpainted on the rear side for optimal earthing with the 19'' profile.

Material: 1.5 mm galvanized steel.

Finish: RAL 7035.

Pack quantity: 1 piece.
