

# Connection, Splice and Endseal Kit for BSA

RAYCHEM C25-01 is a heat-shrink power connection kit and is designed to terminate all RAYCHEM BSA and BTV heat tracing cables to non-hazardous junction boxes. CSE-05-DR kit combines a power connection, splice and an end seal heatshrinkable solution for BSA heating cable. E-02-AL is a cold applied end seal solution for BSA heating cable.

## FEATURES

Heat-shrink and cold applied termination available

Weather proof (IP68 rated) and reliable operation

Due to the small sizes, the connection kits can be installed under the insulation, directly on the pipe

The cold applied end termination is quick & easy to install without the need for heat gun

## SPECIFICATIONS

Table 1/1

| Catalog Number | Item Name | E-Number   | Model                          | Connection Type          |
|----------------|-----------|------------|--------------------------------|--------------------------|
| 1244-020913    | E-02-AL   | 9935501125 | Heating Cable End Piece        | Cold Adhesion Method     |
| 1244-020909    | C25-01    | 9935501112 | Connection to Junction Box     | Heat Shrinking Technique |
| 1244-021440    | CSE-05-DR | 9935501138 | Heating Cable/Connection Cable | Heat Shrinking Technique |

## WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at [www.nvent.com](http://www.nvent.com) and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
