

# **Support Bracket**

nVent RAYCHEM SB-XXX and JB-SB-26 are a range of stainless steel support brackets used to fix equipment such as thermostats or junction boxes on pipes or cable trays. The range allows different mounting positions, various junction box and thermostat sizes and protects the heating cable or sensor cable when exiting the insulation cladding. They include a set of M6 and/or M4 fixing screws, nuts, washers and spring lock washers for the fixation of one junction box or thermostat.

## **FEATURES**

Simple and fast to install

Different models, tailored to each application

Includes fixing screws and washer to fix junction box or thermostat

Passivated stainless steel 304 for high corrosion resistance

# **SPECIFICATIONS**

Material: SS304
