

RayClic End Seal Kit

nVent RAYCHEM RayClic-E-XX end seals are a simple, fast and reliable end termination developed for select nVent RAYCHEM XL-Trace, IceStop and HWAT self-regulating heating cables. No heat guns or wire stripping are needed, because silicone gel technology is used to make the electrical termination.

FEATURES

Simple, fast, intuitive end seal: no wire stripping or special tools needed

Lower total installed system cost, due to reduced installation time: cold applied, no heat guns or special tools needed

Reliable during long life: 10 year extended product warranty available, maintenance free

Cold applied, no heat guns needed, no special tools

Available with signal light
