

# T-Series Vertical Installation Equipment

T-Series vertical installation equipment kits contain the following: Pouring basin frame, crucible frame set (crucible chain assembly, crucible extension, crucible cover), two end alignment fittings and a bottom support clamp. Installation equipment kits contain components that are long lasting and often interchangeable with other sizes. Ordering installation equipment kits simplifies ordering, reduces order errors and helps ensure proper sizing of components.

## FEATURES

Simplifies ordering

Used to splice the same diameter bars

All components are designed for an extended life

## SPECIFICATIONS

**Material:** Steel;Graphite

Table 1/1

| Catalog Number | Rebar Size, Metric | Rebar Size, US | Rebar Size, Canada |
|----------------|--------------------|----------------|--------------------|
| RBW7395V       | 16 mm              | #5             | 15M                |
| RBW7396V       | 20 mm              | #6             | 20M                |
| RBW7397V       | 22 mm              | #7             |                    |
| RBW7398V       | 25 mm              | #8             | 25M                |
| RBW7399V       | 28 mm              | #9             | 30M                |
| RBW73910V      | 32 mm              | #10            |                    |

| Catalog Number | Rebar Size, Metric | Rebar Size, US | Rebar Size, Canada |
|----------------|--------------------|----------------|--------------------|
