

nVent ERICO PermaGround GTGC Connector

nVent ERICO PermaGround GTGC Clamp is a ground clamp crafted from premium materials and stands out for its versatility and suitability across a wide range of grounding and bonding applications. Tested and approved for use with aluminum, galvanized steel, steel, copper, and more, it accommodates installations such as cable tray, bus bar, rebar, Ufer ground, and lattice towers. Featuring stainless-steel hardware and an internal hex bolt, it delivers superior corrosion resistance and effortless installation.

CERTIFICATIONS

FEATURES

Manufactured from high strength copper alloy

Tin plated for corrosion resistance
