

ProLine Vented Plinth Base Cover

Vented Plinth Base Covers install in the front and rear openings of a standard plinth base in place of Solid Covers. Vented covers allow air to circulate into the enclosure. Vented Plinth Base Covers are available in 100-mm and 200-mm heights. These covers include all necessary mounting hardware. A standard plinth base must be ordered in combination with Vented Plinth Base covers to form a Vented Plinth Base. If using a gland plate with the Vented Plinth Base, order a vented gland plate to provide air circulation through the bottom of the enclosure.

FEATURES

Hardware included

Standard plinth base must be ordered in combination with Vented Plinth Base covers to form a Vented Plinth Base

If a gland plate is needed, opt for a vented gland plate for optimum air flow

SPECIFICATIONS
