

# Galvanizing Bar

## FEATURES

Used to repair a galvanized surface that has been damaged by welding or drilling

Low-temperature self-fluxing material

The bar may be melted using the heat produced after making a nVent ERICO Cadweld connection, or a small torch may be used

## SPECIFICATIONS

Table 1/1

| Catalog Number | Article Number | Material   |
|----------------|----------------|------------|
| T319           | 162426         | Zinc Alloy |

## WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at [www.nvent.com](http://www.nvent.com) and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
