

# WBT Performance Cable Tray Ceiling Support

In the evolving landscape of cable management, the nVent CADDY WBT Performance Tray Ceiling Support is a simple and efficient alternative to traditional strut trapeze systems for wire basket tray installations. Engineered for simplicity and strength, this support solution not only anchors wire basket trays securely to the ceiling but also doubles as a splice point—making it a dual-function component that enhances both structural integrity and installation efficiency.

Compatible with varying nVent CADDY WBT Performance Cable Tray sizes, the ceiling support is precision-engineered to handle the weight of the trays with confidence. Its pre-punched design simplifies mounting with standard fasteners. Its compatibility with various finishes—including pre-galvanized, zinc electroplate, and powder coat options—adds aesthetic and functional versatility to any project.

## FEATURES

Use as a center support or support provisioned from both ends

Designed to be used with the nVent CADDY WBT Performance Cable Tray Ground Splice and nVent CADDY WBT Performance Cable Tray Splice Kit

Supported with 3/8 or 1/2 in threaded rod

## SPECIFICATIONS

### WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at [www.nvent.com](http://www.nvent.com) and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
