

Panel Support Brace, fits 1200mm Width, Conductive

CATALOG NUMBER

PSB12

Panel Support Braces give additional support to single- and double-bay panels in heavy loading applications and minimize the vibration created by components mounted on the panel. Braces can be installed on existing systems without removing the panel. Panel support braces are furnished in pairs.

FEATURES

Conductive steel brace; furnished in pairs

Braces can be installed on existing systems without removing the panel
