

# ProLine S1 Rack Angles

Rack angles are sold in pairs that are RU marked on all sides. One side is tapped 10-32 while the other side is square hole (.375 x .375 inch). Both sides are spaced per EIA universal standard. Rack angles may be assembled in either tapped or square-hole configuration. Rack angles and mounting brackets are formed from heavy gauge steel. All hardware and brackets are included for assembly into cabinet.
