

WBT Performance Cable Tray PreForm Elbow 90°

The nVent CADDY WBT Performance Cable Tray PreForm Elbow features a radius junction with a pre-galvanized base and interlocking polymer side walls that save time with consistent installation. The PreForm Elbow 90° is a revolutionary solution for seamless intersections ensuring clean engineering precision and effortless attachment without cutting or configuring. Due to its unique design, this offering provides up to 60% reduction in labor and time compared to traditional methods while maintaining flexibility and cost-effectiveness in tray pathway retrofits.
