

FrostGuard-ECO Electronic Thermostat

nVent RAYCHEM FrostGuard-ECO is an electronic line sensing or ambient thermostat for FrostGuard self-regulating heating cable kits in pipe freeze protection applications.

FEATURES

Energy saving: line-sensing or ambient electronic control thermostat

Adjustable: -0°C to $+10^{\circ}\text{C}$

Simple and fast to install: no need for a qualified electrician, just plug into the electrical wall socket and position the temperature sensor

Easy to use: LEDs indicate when cables are energized or when temperature sensor is defective

Reliable during long life: 6 year extended product warranty available, maintenance free

SPECIFICATIONS

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
