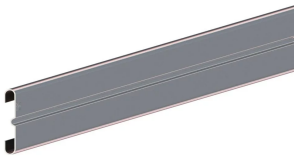
We connect and protect

Cable Assembly Mounting Channel, Multiple Cable



FEATURES

- Ensures the proper orientation and position of the system to provide optimal thermal heat transfer
- Provides mechanical protection of self-regulating cable and contributes to system efficiency
- Optimizes mounting with nVent ERICO Railclips or accessories
- Can be adjusted during installation for unanticipated field obstructions

SPECIFICATIONS

Table 1/1

Catalog Number	Material	Number of Conductors	Length
RHS4CHD2	Stainless Steel 304 (EN 1.4301)	2	2m

ADDITIONAL PRODUCT DETAILS

Additional channel designs available based on rail switch heating system design. Contact your local nVent ERICO representative for more information.

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
