

Adjustment Profiles For Power Distribution, APK

This profile, APK, can be continuously adjusted both in height and depth in an enclosure. Cage nuts, that may be adjusted in width, can be fitted onto the profile to allow for flexible mounting of various components.

FEATURES

Description: Width profiles which allows for continuous adjustment of fixation cage nuts for components in height, depth and width. Panel builders can then fix any component in the desired position without machining.

Material: 2,5 mm galvanized steel.

Pack quantity: 1 pair.

Requirements: To be assembled on CLPF depth profiles.

SPECIFICATIONS

Thickness: 2.5mm
Finish: Galvanized
Material: Mild Steel
