

Mounting plate, 1600x600, Galvanized steel

CATALOG NUMBER

MPNCS1606

The steel mounting plate contributes to speeding up the assembly of the enclosure, since it can be machined easily and equipped with components before being mounted.

FEATURES

Description: Standard mounting plate. It can also be mounted on the side of an enclosure by using MPS kit or slid in from the side with the MTS profile. For heavy loads in vibrating environments use mounting plate reinforcement profile MPR and MPE or MPEF brackets.

Mounting requirements: Use MPA-NC for mounting the MP-NC inside the enclosure. Adjustable in depth with MPD accessory.

Pack quantity: 1 piece.

Maximum load: 6000 N.

Material: 2.5 mm galvanized steel.

PRODUCT ATTRIBUTES

Height: 1600mm

Depth: 25mm

Material: Zinc Plated

Thickness: 2.5mm

Enclosure Material: Mild Steel

ADDITIONAL PRODUCT DETAILS

500 mm width mounting plates for side mounting available on request. 1600 mm wide mounting plates are supplied as two 800 mm wide mounting plates along with a MPF filler plate.

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
