

# E-Series Air Conditioner

CONNECT AND PROTECT

## Designed to meet cooling needs

### 1. Ready to use

The E-Series is specially designed and developed to meet the cooling requirements of customers in India. The standard model comes with a digital controller with an LED display, and a built-in alarm and door interlock switch.

### 2. Easy to specify

Available in four sizes – 500 W, 1000 W, 1500 W and 2000 W – all with an IP54 rating, a wide operating temperature range from 20°C to 50°C, and a standard operating voltage of 230 V, 50/60 Hz.

### 3. Support you can count on

nVent offers unparalleled service for customers with a strong local network and over 6,000 field technicians globally.

#### The E-Series standard:

- Four sizes (500 W, 1000 W, 1500 W and 2000 W) with powder-coated sheet metal
- Digital temperature controller, and built-in alarm and door switch interlock
- Wide temperature range of 20°C to 50°C
- 230 V, 50/60 Hz
- IP54 rated
- CE approval
