

ProLine Fastener Packages

The ProLine Fastener Packages are used to fasten components to the grid system. PGF Packages include 20 frontloading clip nuts (M6) and 20 combination-drive washer-head bolts (M6). The Grounding Package is used with the rectangular holes in the ProLine frame to provide electrical continuity between the frame and the grid system. ASM5T Package is used with ProLine frames having round holes. This package includes 20 M5 self-tapping screws.
