

On Demand Stock Panels

The nVent RAYCHEM On Demand Stock Panels program offers rapid delivery of optimized best-in-class standard panel configurations for customer projects. Panels are built with quality components including premium RAYCHEM controllers for use in hazardous and nonhazardous areas. Many configurations have C1D2 circuit breakers and Type 4X stainless steel enclosures.

FEATURES

Improve efficiency and reduce lead times by using standardized EHT controller & panel designs

Accelerated delivery with an ideal standard configuration.

Broad selection of configurations available immediately with best-in-class advanced control options

Now stocking a wide range of the best advanced control & monitoring systems from the single-circuit Elexant 4010i to 40 circuit NGC-30 and NGC-40 options

Consistent design with time-tested quality for your project

Approved and ready for use in hazardous locations

Factory assembled and tested panels guaranteed with nVent Control & Monitoring warranty

Drawings available immediately, eliminating the need for drawing review and approval process
