

T2Blue, T2Black, T2Green Cable Clip

The nVent RAYCHEM Cable Clips are designed to attach the T2Blue, T2Black or T2Green floor heating cable on reinforcement bars of 2.5mm of diameter. The Clips can be used in both direction on the reinforcement bar (following the bar or across the bar). The design of the clips makes it possible to be fixed on the top bar as well as on the bottom bar. The Clips are particularly well attached on cross sections of the reinforcement bars. Once the Clips are attached to the bar, it is simple to click in the T2Blue, T2Black or T2Green cable in the clips, getting them perfectly spread over the entire installation.

FEATURES

- Eases up installation of T2Blue, T2Black and T2Green Cable
- Equal spacing over the entire floor construction
- Lock the cable to avoid floating during pouring of the self-levelling compound
- Easy to go around obstacles
- Flexible cable spacing thanks to multiple direction attachment method
- Compatible with 2.5mm reinforcement bar
