

# TE Connection and End Seal Kit

nVent RAYCHEM TE-01-CR is a polymer heat shrink kit used to connect up to three nVent RAYCHEM self-regulating trace heating cables, to make a splice, tee and end seal. Requires wire stripping and a heat gun. Each kit contains materials for one splice and one end seal, or one tee connection and one end seal.

## FEATURES

Simple installation

Reliable during long life: 10 year extended product warranty available, maintenance free
