

# **nVent ERICO Ericontact Single Rail Contact**

The nVent ERICO Ericontact series of rail contacts provides a superior quality connection to the rail web with a very low contact resistance. The contacts are quickly and easily fitted by means of an insertion tool, regardless of weather conditions. All nVent ERICO Ericontact components are manufactured according to high standards and norms. Tested to the most demanding requirements of the Rail Industry Standards, nVent ERICO Ericontact is the ideal solution for mechanically applied connections such as signal engineering, earthing (grounding), or traction return current.

## **FEATURES**

Easy to install

Very low contact resistance (<  $5 \mu\Omega$ )

Meets AREMA® Recommendations
