

Drain plug IP44, rubber, maximum material thickness 4mm

CATALOG NUMBER

DWP02

Easy to install drain plug that removes condensed water to secure the protection degree.

FEATURES

Description: Drain plug to remove condensation water. Easy to install. Fits material thicknesses up to 4 mm. Protection degree IP 44.

Material: Rubber.

Machining required: Round hole 11 mm diameter.

Pack quantity: 10 pieces.

Rubber drain plug to be mounted in the bottom of enclosures

The plug removes all of the condensed water from the enclosure while maintaining IP 44 protection degree

The plug is a good solution to control water condensation in situations when it cannot be avoided, as it prevents water accumulating within the bottom of the enclosure

The plug can be installed later in the field, if water condensation is noticed reducing the additional maintenance costs of bringing the enclosure back into the workshop

Machining required: Round hole 11 mm diameter

PRODUCT ATTRIBUTES

Height: 35mm

Width: 50mm

Depth: 28mm

Material: Rubber

Finish: Smooth
