

# Universal Free-Stand Panel Glider

Panel Gliders are used to provide a smooth surface from the front lip of the enclosure to the back panel support. Gliders assist and improve panel installation process. They are intended to be used reusable tools to aid in the installation of panels and removed from enclosure after panel installation.

## FEATURES

---

Panel Gliders are used to provide a smooth surface from the front lip of the Enclosure to the back panel support.

Gliders assist and improve panel installation process
