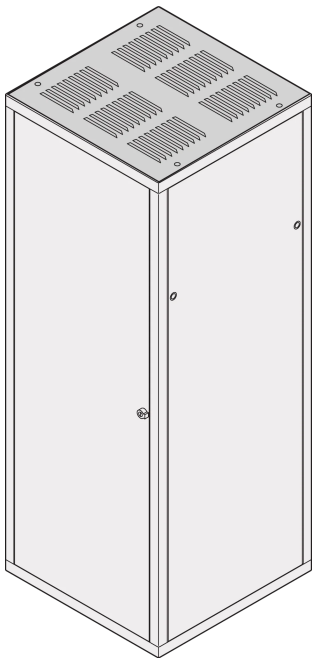
We connect and protect

Eurorack Top Cover Flush, Louvered



Flush top covers are used for enclosures with less electronic density where cooling is not a necessity. Additionally as the cover is laid into the frame, it consumes less spave vertically and is more asthetic.

FEATURES

RAL 7021
St, 1 mm
An air barrier can be installed to control ventilation
All round air gap 8 mm

SPECIFICATIONS

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
