

Cast Junction Box for MI Cables

nVent RAYCHEM cast metal junction boxes for use with mineral insulated (MI) heating units in non-hazardous and hazardous Class I Div 1 and Div 2 areas. NPT threaded entries for direct connection of MI cold lead cable glands. Terminal strip included for conductor sizes up to 6 AWG. Typically used for power or splice connection of heating units.

FEATURES

Simple to install

Reliable during long life: 10 year product warranty available, maintenance free

Explosion proof, dust proof, wet location options available

Terminal strip with voltage ratings up to 600 V and current rating up to 65 A

Maximum 5 x 3/4" NPT tapered entries depending on model selected

3/4" NPT entries can be converted to 1/2" NPT with reducer bushings

Various mounting options are available

SPECIFICATIONS

NEMA Rating: 4X

Material: Aluminium

Area Classification: Non-Hazardous; Hazardous

Cover Attachment: Screwed

Mounting: Surface Mounted/Recessed Mounted

Cover Included: Yes
Sealable: Yes
