

Handle Assembly

CATALOG NUMBER

ML541

The handle assembly attaches to the yoke of the pin driver. The trigger initiates the driving of the wedge pins into the couplers. Release of the trigger reverses the operation.

FEATURES

Handle is adjustable for various application orientations

Simple trigger operation

PRODUCT ATTRIBUTES

Unit Weight: 0.45 kg

ADDITIONAL PRODUCT DETAILS

Prior to installation, please read and understand the detailed instructions and safety notices provided in the nVent LENTON Quick Wedge Operator's Manual.

WARNING

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
