

# Fence Clamp, One Conductor

The nVent ERICO Fence Clamp, One Conductor provides a secure and reliable grounding and bonding connection point for fence posts and gate structures, which is crucial for protecting equipment and personnel from electrical hazards. Engineered for durability and long-term performance, this specific clamp for a single conductor ensures system integrity in various industrial, commercial, and utility applications. Its versatile design and corrosion-resistant materials offer a dependable solution, simplifying installation while providing a lasting, maintenance-friendly connection that upholds the safety and resilience of your grounding infrastructure.

## FEATURES

Specifically designed for a single conductor connection

Offers a theft-deterrent appearance for enhanced security

Includes robust stainless steel or silicone bronze hardware for superior strength and longevity

Made from high quality copper alloy that minimizes the risk of corrosion while ensuring reliable conductivity

Versatile design accepts the conductor placement either parallel or at right angles to the pipe or post

## SPECIFICATIONS

**Material:** Bronze;Stainless Steel 304 (EN 1.4301)

**Finish:** Tinned
