

## XL-Trace Contractor Pack, Low Smoke Zero Halogen Self-Regulating Cable Kit

nVent RAYCHEM contractor packs comprise a fixed length of heating cable supplied in an easy-to-use and carry spool box. The spool allows the installer to feed out the required length easily, reducing installation time and effort.

## **FEATURES**

Unparallelled safety, low smoke zero halogen construction: up to 90% less smoke emissions and improved self-extinguishing properties

Zero halogen: IEC60754-1 tested and compliant

Improved self-extinguishing properties under the IEC62395 flammability test

Energy efficient: self-regulating cable, major savings when used with proportional ambient sensing controller (PASC), no cable overheating possible

Self-regulating technology: cut-to-length on site to mitigate any design variations

Quick and easy installation with the RayClic fast connection system

## **SPECIFICATIONS**

## **WARNING**

nVent products shall be installed and used only as indicated in nVent's product instruction sheets and training materials. Instruction sheets are available at www.nvent.com and from your nVent customer service representative. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death and/or void your warranty.
