

# Short External Baying Brackets, CCEH

Enclosures with partial doors can be bayed easily, resulting in proper alignment, without consuming space inside the enclosure and requiring additional external fixation holes.

## FEATURES

---

Description: Short brackets mounted on the outside hole pattern of the frame of the bayed enclosures with an "auto spacer" function. Specially designed for small doors/panels configuration. This method of baying mild steel enclosures has also the advantage of creating a direct earthing connection between the enclosure frames.

Material: 3 mm zinc plated steel.

Pack quantity: 6 brackets with mounting material.
