

# nVent CADDY Pyramid Power Switch Mount

The nVent CADDY Pyramid Equipment Support Power Switch Mount is a quick and easy solution for attaching power disconnect boxes to mini splits, RTU's, air handlers, traditional HVAC equipment, heat pumps and other associated equipment. This bracket provides a safe and flexible option for contractors to fasten electrical controls within close proximity to the equipment they are working on. Ideal for use as a prefabricated solution or completing the installation on site, the nVent CADDY Pyramid Power Switch Mount is an asset to HVAC, Mechanical and Electrical contractors alike.

## FEATURES

Designed to be used with nVent CADDY Pyramid equipment supports

Mounts easily to 1½ in strut or 1¼ in SCH pipe

Can handle a wide range of power disconnect boxes
