

Bases

Vented bases are designed to be used with nVent HOFFMAN Impeller packages and include a stainless steel mesh to prevent the ingress of debris. The vented bases have a provision to easily install a standard furnace filter. If vented bases are used, a maximum airflow furnace filter is recommended. Filters are not provided. Solid bases are designed to be used with a closed-loop cooling solution.

FEATURES

Vented bases are designed to provide additional airflow to WeatherFlo outdoor enclosures

SPECIFICATIONS

- Material:

Aluminum
- Finish:

Powder Coated
- Color Code:

RAL 9003
- Color:

Signal White
