

nVent CADDY Rod Lock Strut

FEATURES GUIDE

SAFETY FEATURES

Pre-cut design eliminates dangerous activities such as cutting and transporting long lengths of strut

nVent CADDY Rod Lock hardware can be used with threaded rods with burrs and minor imperfections

Captive hardware reduces the likelihood of dropped parts and makes height adjustments easier

Lock nut can be finger tightened, disengaging the Rod Lock "push-to-install" mechanism (after installation)

The color of the line corresponds to the larger goal of each feature:
