

Sized Up QuickTerm Termination Kit

nVent PYROTENAX Sized up QuickTerm Termination Kit is a range of kits used to field-terminate #6 AWG and larger single conductor copper sheathed mineral insulated (MI) wiring cable in non-hazardous areas. It is sized-up, allowing the MI solid conductor to be joined to a larger size flexible tail with a compression connector. It contains enough material to terminate two cable ends, with a special tape provided to seal the end of the MI cable.

FEATURES

Simple to install: reduces the time required to make the cable termination

Includes a special connector to splice the solid mineral insulated (MI) conductor to a flexible tail

Improved flexibility of the tail in the cabinet or enclosure

Reliable during long life: 30 year product warranty available
