

WinterGard Warning Label and Tape

nVent RAYCHEM H903 is kit which contains one roll of application tape and ten "Electric Traced" labels. The application tape is a 66-ft (20-m) roll that is used to attach heating cables to pipes. The "Electric Traced" labels attach to the outside of the pipe thermal insulation weather barrier to indicate the presence of electric heat tracing. Use one label for every 10 feet (3 m) of pipe, alternating on either side of the pipe.

FEATURES

Simple and fast to install
