

SBS-T2 Control Panel for Pipe Freeze Protection

nVent RAYCHEM SBS-T2 control panel provides an integrated solution for nVent RAYCHEM self-regulating heating cables in pipe freeze protection applications. Offering multi-circuits, each with line sensing control and integrated electrical protection. A 400 VAC (3 phase) supply is required.

FEATURES

Simple and fast connection of multiple circuits, directly into a single panel

High capacity, with up to 3 maximum circuit lengths connected into the panel

Fully integrated system: all connections, circuit protection and safety devices integrated into the panel

Energy saving: with line sensing control

Reliable, complete system from one manufacturer and specifically designed for freeze protection of sprinkler systems

Reliable during long life: 6 year extended product warranty available, maintenance free
