### FEATURES

- Can be used for horizontal mounting in conjunction with the nVent CADDY Telescoping Plumbing Bracket Clip
- Accommodates both ½ and ¾ inch Pex Tubing and Copper Pipe—reducing number of SKUs required
- Quickly attaches and secures to the bracket without the use of tools or hardware
- Due to the wraparound design, clips can be added before or after lines have been run
- Innovative design allows for easy adjustment and repositioning of the clip anywhere along the span of the bracket—simply pinch tabs on the clip and slide in either direction
- Horizontal mounting clip can also be attached directly to stud for use as a through-stud grommet (requires screw to secure to stud)

Material: High Density Polyethylene (HDPE)
