Subject: Clarification on Enclosure Model Numbers in UL Product iQ®

Dear Pang Gubler:

You recently asked why enclosure model numbers do not appear on your UL Product iQ® (<https://iq.ulprospector.com/>). Your File E61997 is covered under the category for Industrial Control Panels, UL Category Control Number (CCN) NITW. This category also covers Industrial Control Panel Enclosures and is classified as a Type L category.

Products covered under Type L categories are not required to be marked with a model, catalog or part number unlike those under Type R categories (Type R service covers many Listed products and all Recognized Components (like yours covered under NITW2). As a result, model numbers are not required to appear in UL Product iQ®, which is UL Solutions' online certification database.

Zonex series enclosures, Cat No. ATEX or EXE; followed by height, A, width, B, and depth, C; followed by SS6, SS or MS; and followed by no digit, 1, 2, 3, or 4 rated 4, 4X, 12 are included in this category.

It is important to note that the presence of the UL Listing Mark on the product is evidence that it is Listed. The appearance of a model number in the UL Product iQ® is not a substitute for UL mark.

Your business is very important to us and if there is any additional information that we may provide to you about the investigation or UL's other services, please do not hesitate to contact us.

Sincerely,

Certificate of Compliance

Certificate Number:

UL-US-2138110-2

Report Reference:

E192121-19820622

Issue Date:

2024-11-21

Issued to:

VYNCKIER ENCLOSURE SYSTEMS INC
249 MCCARTY ST HOUSTON, TX 77029-1162
United States

This certificate confirms that representative samples of:
NITW - Industrial Control Panels

See Addendum Page for Product Designation(s).

Have been evaluated by UL in accordance with the Standard(s) indicated on this Certificate.

UL 508A, 3rd Ed., Issue Date: 2018-04-24, Revision Date: 2021-08-05

Additional Information:

See UL Product iQ® at <https://iq.ulprospector.com> for additional information.

This Certificate of Compliance indicates that representative samples of the product described in the certification report have met the requirements for UL certification. It does not provide authorization to apply the UL Mark. Only the Authorization Page that references the Follow-Up Services Procedure for ongoing surveillance provides authorization to apply the UL Mark.

Only those products bearing the UL Mark should be considered as being UL Certified and covered under UL's Follow-Up Services.

Look for the UL Certification Mark on the product.
