## INSTRUCTION SHEET

## HCBC High Current Busbar Clamp

| Description | Part <br> number | Conductor <br> width | Depth <br> D | Height <br> H | Width <br> W | Thickness <br> T | Torque <br> TQ | Weigth | Recommended Assembling with nVent <br> ERIFLEX Flexibar, braids or Cu bar |
| :--- | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| HCBC80 | 553100 | 80 mm | 20 mm | 40 mm | 140 mm | 3 mm | $100 \mathrm{~N} . \mathrm{m}$ | $0,84 \mathrm{~kg}$ | 2 HCBC per assembly |
| HCBC100 | 553110 | 100 mm | 20 mm | 40 mm | 160 mm | 3 mm | $100 \mathrm{~N} . \mathrm{m}$ | $0,92 \mathrm{~kg}$ | 3 HCBC per assembly |
| HCBC120 | 553120 | 120 mm | 20 mm | 40 mm | 180 mm | 3 mm | $100 \mathrm{~N} . \mathrm{m}$ | $1,00 \mathrm{~kg}$ | 3 HCBC per assembly |

Specific clamps to connect electrically rigid copper bars together, or copper bars and $n$ Vent ERIFLEX Flexibars or copper bars and a Power shunts.

If it's not possible to follow the recommended assembling for HCBC 100 and HCBC 120, only 2 HCBC can be used if the thickness of the smallest conductor is smaller than 16 mm for the copper bar or nVent ERIFLEX Flexibar
 40mm max. and is smaller than 20mm for power braided shunt.

WARNING:

1. nVent products shall be installed and used only as indicated in $n$ Vent product instruction sheets and training materials. Instruction sheets are available at www.nVent.com and from your nVent customer service representative.
2. nVent products must never be used for a purpose other than the purpose for which they were designed or in a manner that exceeds specified load ratings.
3. All instructions must be completely followed to ensure proper and safe installation and performance.
4. Improper installation, misuse, misapplication or other failure to completely follow nVent's instructions and warnings may cause product malfunction, property damage, serious bodily injury and/or death, and void your warranty.

SAFETY INSTRUCTIONS:
All governing codes and regulations and those required by the job site must be observed.
Always use appropriate safety equipment such as eye protection, hard hat, and gloves as appropriate to the application.
