

Door Stopper Kit for Varistar CP

KATALOGNUMMER

24630-164

Designed for use with Varistar CP enclosures to secure the door in 90° or 120° standard open positions. It can be used in rugged environments and applications like Seismic and MIL. This door stop kit is ideal for use in applications that require the kind of corrosion protection as the components are Aluminum and steel with Zinc plating.

DESIGN

Designed to be mounted at the bottom of door

Can be installed on either left- or right-hinged doors

The user manual will give standard positions for 90° and 120° angles

Anchor point is in front of the 19 inch uprights and hence there is no loss of rack unit at bottom

Does not work with glass doors
