

Adjustable Brackets For Power Distribution, MSMPA01

These adjustable mounting plate fixation brackets, MSMPA01, can be mounted on modular system frames or fix system vertical profiles, both in wall mounted and floor standing enclosures. The brackets allow for positioning of a mounting plate where required in depth within the enclosure.

功能

Description: A bracket to mount a DIN-rail or mounting plate which is adjustable in depth to allow for mounting of components in different sizes in the desired position.

Material: 2.5 mm galvanized steel, zamak.

Pack quantity: 2 pairs.

Mounting requirements: To be assembled on the modular system frame.
