

Front Cover Profiles For Power Distribution, MSFCP

The mild steel frame for front panels, MSFCP, is a flexible solution that allows for the creation of a customized power distribution enclosure with plain and/or slotted front panels. The frame enhances both the aesthetics of the enclosure as well as operator safety.

功能

Description: Front frame built up by two vertical and two horizontal profiles. To be covered by front panels MSMBP or MSMCP.

Material: 1.5 mm galvanized steel.

Finish: RAL 7035 structured powder coating.

Delivery: 2 vertical profiles, top and bottom profiles, and mounting material.

The frame provides customers with a flexible solution, as it can be adapted especially for their components using both plain and slotted cover plates

The plates ensure that both modular and non-modular components can be installed into the same enclosure

The frame improves the aesthetics of the enclosure while providing a safe solution for operators, even when the external door is open

Plain (MSMBP) and/or slotted (MSMCP) front panels must be mounted, in order to completely cover the front of the frame

技术参数

厚度: 1.5mm
完成: 镀锌
材料: 钢
