

Hinge Support, UHS

A full cover plate with these hinges mounted can be fitted within the enclosure. Displays and indicators can be mounted while covering other components, and preventing unauthorized access.

功能

Description: To be used with a UFCP closed cover plate if a hinged inner door is required.

Delivery: 2 pieces with mounting accessories.

Additional information: Not compatible with reversible mounting position of UFCP.

Hinges are to be mounted onto the plain full cover plate within compact polyester wall mounted enclosures

The hinges convert the plain full cover plate, UFCP into an inner door creating an additional level to mount components

Access to the components mounted on the mounting plate can be restricted allowing unauthorised personnel access to the control equipment mounted on the cover only
