

Plain Full Cover Plate, UFCP

This polyester front cover is plain and can be machined easily. Electrical connections and cables are protected, which means field operations can be carried out in a safe manner.

功能

Description: Plain front cover plate to protect the equipment mounted in the enclosure. Distance between UFCP and enclosure door: 39 mm; 49 mm for UCP750 and above. Reversible mounting position, to increase the distance between UFCP and enclosure door by 30 mm. The cover plate can be hinged using the UHS accessory, allowing the user to gain access to components and/or cable management without having to remove the cover plate.

Material: Polyester.

Finish: RAL 7035.

Delivery: Cover plate, supporting brackets, one quarter turn fasteners and mounting accessories.
